July 28, 2010

On behalf of the 500+ members of The Northeast District Dental Association, we would like to thank you for your past and continued support and representation of your business at our district meetings.

Our next meeting will be held on Friday, September 17, 2010. The topic “**Identity Theft Counter Measures**” will be presented by **Mr. Tyler Wildman**, to all dentists and their staff. The half day program will be held at San Jose Country Club at 7529 San Jose Blvd. and will include a continental breakfast at 7:30 A.M. and a midmorning half hour break. There will be ample time before, during and after to meet with the course participants. All vendors will be introduced at the beginning of the program.

Mr. Wildman has been in the security industry since 1995. He is the founder and CEO of the Identity Theft Counter Measures Group, LLC. He has appeared on CBS, ABC, FOX News and various other publications as an identity theft and security expert. He is a graduate of the Institute of Fraud and Risk Management and is a Certified Identity Theft Risk Management Specialist, CITRMS. He has personally breached the security of over 300 companies and is a sought after speaker.

Participants will learn how to prevent and correct personal and professional identity theft and receive a FREE in office evaluation on protecting personal and business information.

The program will cover new legislation that may hold business and dental professionals liable for lost patient and employee information. Examples of negligence in the dental field and ways to reduce a dental practice’s risk of a data breach will be given. The connections between, HIPPA, The Red Flags Rule and the HITECH will also be made.

Overall, Mr. Wildman will teach proven data security strategies and tactics that will substantially reduce your liability as a professional.

We value your support and look forward to seeing you there.

Sincerely,

Michael A. Chanatry, DDS

NEDDA, President

Sponsorship Commitment Agreement

Friday, September 17, 2010
